

# Riya kaushik

Frontend Developer | React & Next.js | Building Responsive UI & Real-World Projects

📍 Karnal(Haryana), India | 📞 +91 8930942202 | @ riyakaushik6410@gmail.com | 🐙 Github Profile | 🔗 Lnkedin Profile

## Summary

Passionate Frontend Developer skilled in **React**, **Next.js**, and **Tailwind CSS**, with experience building responsive, real-world projects deployed on **Vercel**. Strong understanding of UI/UX principles, version control with **Git**, and modern development tools. Actively exploring backend technologies like **Node.js** and **MongoDB**. Quick learner with a focus on clean code and performance.

## Education

<b>GBN Govt. Polytechnic, Nilokheri</b>	<b>09/2022- Present</b>
Computer Engineering	Diploma
CGPA: 8.3 (Till 3rd Semester)	
• Awarded <b>Merit Scholarship</b> in 1st & 2nd Semester	
• <b>Core Subjects:</b> Data Structures, OOPS, Web Development, DBMS, Operating Systems	

## Work History

<b>Crypto Tracker Dashboard</b>	<b>04/2025</b>	<b>Habit Tracker App</b>	<b>04/2025-05/2025</b>
Built a dynamic 6-component crypto dashboard using React & Redux Toolkit with real-time filtering, sorting, and color-coded trend handling. State managed through Redux, deployed on Vercel with a mobile-first layout.		Developed a responsive habit tracker in React + TypeScript with streak logging, reset functionality, and clean mobile-first UI. Project follows modular code structure and is deployed on Vercel.	
🔗 <a href="#">Live</a>		🔗 <a href="#">Live preview</a>	
Mobile-friendly UI, deployed via Vercel.		Fully responsive UI, deployed via Vercel.	
React, Redux Toolkit, Tailwind CSS, Vercel, Real-Time UI, State Management		React, TypeScript, CSS, GitHub, Responsive UI, Streak Tracking, Vercel	

## Skills

<b>Frontend Technologies</b>	<b>Tools &amp; Deployment</b>	<b>Coding Practices</b>
Experienced in building responsive UIs using React, Next.js, JavaScript, and Tailwind CSS.	Familiar with version control, team workflows, and frontend deployment using Git, GitHub, and Vercel.	Focused on writing clean, maintainable code with responsive design and performance in mind.
● ● ● ● ○	● ● ● ● ○	● ● ● ○ ○
React, Next.js, JavaScript, Tailwind CSS, TypeScript	Git, GitHub, Vercel, VS Code	Clean Code, Responsive UI, Problem Solving

## Interests

<b>Building real-world frontend projects</b>	<b>Exploring design systems like Shadcn &amp; Tailwind UI</b>
<b>Practicing DSA and problem-solving</b>	<b>Learning full-stack development (Node, MongoDB)</b>

## Certifications

<b>Python Programming</b>	<b>08/2024 - 09/2024</b>	<b>English Communication Training</b>	<b>08/2024 - 09/2024</b>
PRERNAGATI TECHNOLOGIES		PRERNAGATI TECHNOLOGIES	
Covered fundamentals of Python such as syntax, loops, functions, and basic problem solving.
