

# Riya kaushik

Frontend Developer | React, Next.js, Tailwind | Building Dynamic & Responsive Web Apps

📍 Karnal(Haryana), India | 📞 +91 8930942202 | @ riyakaushik6410@gmail.com | 📄 Github Profile | 📄 Lnkedin Profile

## Summary

Frontend Developer skilled in React, Next.js, and Tailwind CSS, building responsive, real-world applications with a focus on clean UI and performance. Deployed multiple projects on Vercel showcasing state management with Redux and seamless user experiences. Actively exploring full-stack with Node.js & MongoDB and improving DSA for stronger problem-solving. Always eager to learn, collaborate, and turn ideas into user-friendly products.

## Education

GBN Govt. Polytechnic, Nilokheri

Computer Engineering

CGPA: 8.3 (Till 3rd Semester)

09/2022- Present

Diploma

- Awarded **Merit Scholarship** in 1st & 2nd Semester
- **Core Subjects:** Data Structures, OOPS, Web Development, DBMS, Operating Systems

## Work History

✓ <b>Crypto Tracker Dashboard</b>	04/2025	✓ <b>Habit Tracker App</b>	04/2025-05/2025
Built a dynamic crypto tracking app in React & Redux Toolkit with real-time filtering, sorting & color-coded trends. -Fully responsive mobile-first design, deployed on Vercel. <b>Tech: React, Redux Toolkit, Tailwind CSS, Vercel</b>		Developed a responsive habit tracker with streak logging & reset functionality. -Modular codebase with TypeScript, clean UI & GitHub-managed workflows. <b>Tech: React, TypeScript, CSS, GitHub, Vercel</b>	

## ✓ Portfolio Website

Built personal developer portfolio using Next.js & Tailwind CSS, with animated sections & mobile optimization.  
- Highlights projects, skills & contact form integrated with backend.  
**Tech: Next.js, Tailwind CSS, Framer Motion, Vercel** [Live-Preview](#)

## ✓ Auth App with NextAuth

Integrated secure authentication flows in a Next.js app using NextAuth.  
-Managed protected routes & user sessions for streamlined UX.  
**Tech: Next.js, NextAuth, Tailwind CSS** [Live preview](#)

## Skills

Frontend Technologies	Tools & Deployment	Development Practices
Experienced in building responsive UIs using React, Next.js, JavaScript, and Tailwind CSS. ●●●●○ <b>React, Next.js, JavaScript, Tailwind CSS, TypeScript</b>	Familiar with version control, team workflows, and frontend deployment using Git, GitHub, and Vercel. ●●●●○ <b>Git, GitHub, Vercel, VS Code</b>	Focused on writing clean, maintainable code with API integrations, animations, and responsive design systems.. ●●●○○ <b>REST APIs, Shadcn, Responsive UI, Clean Code, Problem Solving</b>

## Interests

- Building user-friendly web apps
- Exploring Shadcn & design systems
- DSA in C++ and Javascript
- Diving deeper into full-stack developmen
