SUMMARY

Aspiring front-end developer and final-year Computer Science Diploma student with hands-on experience in ReactJS, NextJS, and modern UI development. Built and deployed multiple web projects, solved 70+ DSA problems, and strengthened problem-solving and logical reasoning

PROGRAMMING SKILLS

- Languages: JavaScript (ES6+), Typescript , C
- Frameworks & Libraries: React.js, Redux Toolkit, Next.js, Tailwind CSS
- Databases: MongoDB , PostgreSQL
- Tools & Platforms: Git, GitHub, Vercel, Vite
- Core Concepts: OOPs, DBMS, Data Structures & Algorithms, Operating Systems, Computer Networks

PROJECTS

Data Sync Dashboard – React, Next.js, Typescript, Tailwind CSS | *July 2025 – Aug 2025*

- Developed a Personalized Content Dashboard to track and interact with data in an engaging, dynamic interface.
- Integrate the News API and TMDB API for accessing news and movies.
- Personalized Theme and Integration of RTK for state management.
- Live: [Live Link](#) | github: [Github Link](#)

Personal Portfolio – Next.js, Tailwind CSS, Framer Motion | *July 2025*

- Developed a full-stack, responsive Personalized Website with a responsive design.
- Used to showcase the projects and skills with the integration of the backend for contact.
- Live: [Live Link](#) | github: [Github Link](#)

PROBLEM-SOLVING

- Solved **70+ problems**, Data Structure, and Algorithm problems covering Array, String, Stacks, Linked-list, and more.
- Strong grasp of patterns like Sliding Window, Two Pointers, Recursion, Slow and Fast pointers.
- Regular practice improves logical reasoning, problem-solving speed, and accuracy.

EDUCATION

GBN Govt. Polytechnic, Nilokheri, Haryana

Diploma in Computer Engineering, CGPA: 8.8 (till 4th sem)

Sep 2023 – June 2025

- Merit Scholarship – Awarded in 1st, 2nd & 3rd Semesters.

LANGUAGES

- English – Professional Working Proficiency
- Hindi – Native / Fluent
